Sing Ecentric Center Soft Seat Butterfly Valve

Product Name: **Single Eccentric Center Soft Seat Butterfly Valve**

Product Sort: **Butterfly Valve->soft seat Butterfly Valve-> Single Eccentric Center Soft Seat Butterfly Valve**

Product Material: cast iron

HT200,HT250,A216WCB, A217WC6, A217WC9, A351CF8, A351CF8M, A351CF3, A351CF3M, A352 LCB, A352LCC

Specification Standard & Major Parameter

1.Product Enforced Standard:

Design & Manufacture Std.: API 609, API594

Face to Face Std.: ASME B16.10

End Connection Std.: ASME B16.5, ASME B16.47

Test Standard: API598

2. Major Parameter:

Size: 2-120

Pressure: 150LB

Material: Cast Iron HT200,HT250,GGG40,A216WCB, A217WC6, A217WC9, A351CF8, A351CF8M, A351CF3, A351CF3M, A352 LCB, A352LCC

Structure Type:L type end, W type end , Flange end

Operated Way: Lever, Hand wheel, Gear, Pneumatic or Electric

We could produce wafer soft seat butterfly valve which are all according to the customers requests,including design and material. Also we could choose the best butterfly valve for our customers,which is the most suitable for the working environment.
