Cast Steel Low lift safety Valve

Product Name: **Cast Steel Full Lift Safety valve**

Product Sort: **Cast Steel Full Lift Safety valve**

Product Material: A216WCB, A217WC6, A217WC9,
A351CF8, A351CF8M, A351CF3, A351CF3M, A352 LCB,
A352LCC

Specification Standard & Major Parameter

1. Product Enforced Standard:

Design & Manufacture Std.: ISO4126, API RP520, JIS 8210, DIN 3320

Face to Face Std.: API 526, JIS B2001, DIN 3202

End Connection Std.: ANSI B16.5, JIS B 2212-2216, DIN 2546-2551

Test Standard: API 527

2. Major Parameter:

Size: 1/2-12

Pressure: 150LB-2500LB

Material: A216WCB, A217WC6, A217WC9, A351CF8, A351CF8M, A351CF3, A351CF3M, A352 LCB, A352LCC

We could produce Cast Iron Safety valve which are all according to the customers requests, including design and material. Also we could choose the best Safety valve for our customers, which is the most suitable for the working environment.
